REPORT OF THE COMMITTEE ON THE PARSONAGE FUND PROBLEM

In accordance with instructions received by your committee, the parsonage fund problem has been investigated to some detail. Most of the work involved an inquiry into the history of the fund through a study of town reports since 1761.

Following is a digest of the pertinent articles. In the interest of brevity and conciseness only those more pertinent articles are repeated; however, the committee can add to this data during town meeting if so requested.

1. In 1793 the following articles appeared in the town warrant :
To see if the town will agree to sell the parsonage land in Sandown and buy one near the meeting house or exchange said land as they shall think best—if so then
To proceed and choose a committee to conduct the business and empower said committee to give deed and to take a deed if need be in behalf of the town.
2. In 1818 the following articles appeared in the town warrant :
To see what method the town will take to settle a line between Captain Jonathan Clough and the Parsonage Farm belonging to the Town of Sandown.
Voted that the line between the Parsonage Farm and Captain Jonathan Clough land as far as the Parsonage extends be on a straight line from the Sanborn stake to an Oak called Call's bound.
Voted to choose a committee to divide and build a fence between the Parsonage Farm and Captain Jonathan Clough's land and set up stones at the corners of the Parsonage.
Voted that Stephen Heath, Reuben Colby and Eliphaht Hunt be the committee.
3. In 1824 the following articles appeared in the town warrant :
To see if the Town will accept of an offer made for the Parsonage Farm.
Voted to accept of the offer made by Maynard Hunkins for the Parsonage Farm which is \$900.
Voted to choose agents to give deed of the Parsonage Farm, Josiah Hoit, Joshua Eaton and Eliphaht Hunt were chosen agents for the purpose.
4. In 1825—
Voted to keep interest of the Parsonage money and add it to the principal for one year.
5. In 1826—
Voted to keep the interest of the parsonage money and add it to the principal for one year.
6. 1827—
Voted that the interest of the parsonage money be laid out

- preaching the year ensuing and that each denomination have their proportion.
7. 1828 to 1836 inclusive—
Voted to expend interest money in a manner similar to 1827.
 8. In 1837— (the reader's attention is particularly invited to the content of this article)
To see if the town will vote to have the Parsonage Fund all expended on the old meeting house the year ensuing.
Article was dismissed.
 9. 1838 to 1922 inclusive—
Interest from the fund was distributed in a manner similar to 1827.
 10. 1923—(the readers attention is particularly invited to the following articles)
Motion was made and supported that the entire Parsonage Fund be turned over to the Methodist Church. Motion was lost.
Another motion was made and supported that the same arrangement as heretofore made shall stand. This motion was carried.
 11. In 1925—
Motion was made by Mr. Ernest F. Fletcher requesting vote as to whether the fund formerly known as the Parsonage Fund shall so be placed as such or shall it become a Town asset.
Amendment added by Mr. Fletcher and seconded by Mr. McKay "That this Parsonage Fund be voted to be known as a Permanent Parsonage Trust Fund." This motion was carried.
Another motion was made and supported that the Parsonage Trust Fund be held as a Permanent Parsonage Trust Fund. The motion was carried.
 12. In 1928 after having voted to borrow one thousand dollars for one year for the purpose of purchasing a tractor the town voted that :
The Permanent Parsonage Trust Fund be put in the Town Treasury and that the interest from same be divided among the several religious denominations and in proportion to their taxes in preceeding years.
Memo: The bank account was closed April 11, 1928—amount withdrawn being \$1,083.04.
 13. 1928 to 1949 inclusive—
Interest payments of \$40 more or less have been made for support of the church during this period.

CONCLUSIONS & DISCUSSION

It is with some reluctance that your committee unanimously concludes :

1. That the original principal is now Town money.
2. That the payment of any interest to a church or churches on money which belongs to the Town is highly irregular.

While admittedly, there is some confusion as to the exact ownership of the principal amount during the early days of partition between local government and the churches, subsequent town action spanning a period of over 100 years, we feel fully justifies our conclusions.

In 1818 (item 2) subsequent to adoption of a state Constitution (2 June 1884), the Parsonage Farm was referred to as belonging to the Town of Sandown in the warrant and the Town apparently had the power to agree on a property line.

In 1824 (item 3) the Town sold the Parsonage Farm without challenge for the sum of \$900 and conveyed a deed for the same, thus indicating full ownership. During more than 100 years following 1824 the Town donated the interest to or withheld interest from the churches as it saw fit without challenge concerning its right to do so.

In 1837 (item 8) a group of townsmen apparently interested in maintaining the meeting house failed to pass an article recommending the full expenditure of the fund on the church. If the church or churches had a claim to this money, they did not present it at this time.

Similar article in relation to the Methodist Church presented in 1923 (item 10) was defeated again without challenge as to the Town's right to withhold payment on a debt.

The statutory period of limitations concerning right of claimants has long since lapsed and in our opinion the money now in fact belongs to the town through the default of possible claimants.

To our knowledge, there was no transfer of a note at the time the fund account was withdrawn in 1928 and apparently the bank considered a town vote sufficient for the withdrawal of the funds by town officers. In our understanding, no bank will release funds unless ownership is without question. This observation adds further weight to our conclusions.

There is no note outstanding against the town for \$900 or \$1,000; the town has used the money from sale of the Parsonage Farm at will, when and where it saw fit; the town has refused to turn the money over to the churches on two occasions and without challenge concerning its right to do so; the bank has recognized the town's ownership of the money. These facts lead us to conclude that no one but the town now has any claim to the so-called Parsonage Fund.

We, therefore, recommend that the town vote to dismiss the warrant articles presented in relation to this problem.

SUPERINTENDENT'S ANNUAL REPORT

To the School Board and Citizens of Sandown :

It is with pleasure that I submit my third annual report as Superintendent of your schools.

This past year was indeed an unsettled one for education. The legislature cut state aid to schools from \$2,000,000 back to \$400,000. This fact seems unbelievable when it is generally understood that education is the basis of our democracy. The school children of today will be the citizens of tomorrow.

As a part of this report, there will be a page devoted to Return of District Revenue, which shows the actual budget that the School District is using for the current year (1949-50). This is also a result of legislative action.

The expenses for the Supervisory Union have also been changed. Formerly all towns in this union paid their share of expense according to their number of teachers. Now it must be divided equally between equalized valuation (1949) and average daily membership. Sandown's share of Union expenses is approximately 5%.

Hot Lunches

Starting January 9th, the Sandown P.T.A. has been sponsoring hot lunches for the children consisting of one hot dish daily. To date there has been nearly 100% participation in the program. Your Superintendent has delivered to Sandown such items as peaches, apples, peanut butter, tomatoes, potatoes, honey and cheese. These items are received through the United States Dept. of Agriculture.

Moving pictures are still being shown monthly to the children on various educational topics.

Teachers

It speaks well for a community to be able to hold its teachers, especially when there is still a shortage of elementary teachers throughout the country. Your teachers continue to do superior work in the classroom as well as in public performances with the pupils.

In closing, I wish to express my thanks and appreciation to the School Board, citizens, teachers, and pupils of Sandown who have been so cooperative and helpful during the past year.

Respectfully submitted,

ARTHUR W. DANIELSON

Superintendent

HEALTH SUPERVISION

To the Superintendent of Schools and the School Board of Sandown :

The school year from September 1948 to June 1949 was a very busy one and much progress has been made in the health education of our school children.

The yearly health examination which includes all but heart and lungs was carried out, and there has constantly been close contact with each pupil for periodic examinations of head, skin, and contagious diseases.

Every parent wants his child to have good health. We know that the first essential to good health is a sound, sturdy body.

A public service is being rendered by everyone who in cooperation with the school nurse and teachers is seeking to make adequate diet, physical well-being, and health education available to every child in your community.

We must continue and further all health activities, striving to improve the teeth, eyes, posture and nutrition in our school children.

The purchase of the new audiometer equipment by the Union for use in all towns is a valuable addition. This instrument detects any hearing loss.

To all school officials, teachers, and citizen assistants who by their individual and collective services are helping to maintain the health efficiency of your schools, there is here expressed the deep appreciation and thanks of your school nurse.

Respectfully submitted,

Constance Cooper, R. N.

REPORT OF MUSIC TEACHER

To the Superintendent and School Board of Sandown, New Hampshire:

The aims of our school music program are to create a love of good music on the part of the child and also create intellectual development. School music is a recreation and a pleasure. There is more art in music than in math. It is also a mental developer. Many people don't look at music from an intellectual standpoint, but from a cultural standpoint.

Music and dramatizations were combined to give a program for the P.T.A. also a Christmas entertainment at the town hall. The students did one or two folk dances at both programs.

Tentative plans have been made for a Folk Song and Dance Festival which will include students from the entire union. A festival of this sort enables the students to associate with many children their own age.

In addition to the above, the usual program has been carried out. Each child has been given instruction in music theory, music appreciation and folk dancing appropriate to his grade.

I wish to express my appreciation to the School Board, superintendent, teachers, parents, and pupils for their cooperation.

Respectfully submitted,

Jean L. Readio
